

Grace Church is providing a home version of IncrediWorld Amazement Park VBS through daily videos. There is also a supplemental packet for your children which can be downloaded and printed on your own or we will print and provide a paper packet for your children's age groups.

For the best experience please take a few minutes to read this explanation.

DIY VBS- you choose how you want to use it. Here's how it works:

VIDEOS

The videos provided by the publishing company are the main content of the program. They are broken up into short videos for each area. They are geared to all ages from 4yrs through 6th grade. So, some will be better to use for different age groups. Puppet show video for younger children, science video for older ones. You decide which videos work for your family.

1. Use videos from [Grace Community Church of the Sierra - You Tube Channel](#).
Go to the Church Channel, open playlists. There are 5 playlists one for each day. Click on individual videos that you want to view.

SUPPLEMENTAL RESOURCE FILE

1. Download additional items like workbooks and other activities to print from Grace Church website www.gracechurchmariposa.org

The file is provided by the publishing company

Everything in the file is supplemental material. You don't have to use the resource file, you can just use the videos. You choose what you want to use and print.

The student guides are by age group. These contain worksheets for each day

- *Pre-primary 4-5*
- *Primary 6-9*
- *Junior 10-12*
- *there are file folders for day 1, 4, 5 but not for day 2 or 3. This is just additional material you may want to use.*
- *There is a supply list for the science experiments, directions for the crafts, song book with lyrics. Word puzzles and coloring sheets etc.*

OR

2. Email [Grace Church VBS](#) with your children's grade level-
4yrs to 6th grade, and we will print and deliver a paper packet to you. Along with a snack kit for your first day.

ONLINE VIDEOS AND RESOURCE FILE WILL BE AVAILABLE FOR YOUR USE THROUGH DECEMBER 2020
